LETTER FROM SAN FRANCISCO.

[FROM OUR SPECIAL CORRESPONDENT.]

SAN FRANCISCO, March 21, 1867.

MR EDITOR:—San Francisco has been rather dull of late. Fitz Smythe, the local items of the *Alta*, has gone to Arizona, and there has not since his departure been either a murder or a suicide. People did say that Fitz Smythe laid plans to produce suicides, but I don't believe it. They said that he would pick up a poor, needy-looking individual in the street and engage him in conversation with a view to his being eventually a suicide and thus furnishing an item for the *Alta*. They say that Fitz Smythe would give such a man a drink or two, and then talk to him in a melancholy way about the hardships of life in California, and in fact, of life everywhere. Then the poor devil would say: "I'm tired of life, anyhow, and I won' stand it much longer." Fitz Smythe would then observe in a faintly remonstrative tone of voice, "Oh, you musn't talk like that. Cheer up, hope for better times," and then he'd sigh and talk about "the poor fellow who cut his throat last week, and perhaps he's better off now, who knows." Then he'd leave this man, but he'd hunt him up again next day, and talk in the same style, and the end of it would be that that man would, in a week's time, be found dead in his bed with a gash in his throat, and a letter on his table addressed to Fitz Smythe, telling him that he had concluded to "pass in his checks." This is what people say; I can't vouch for it. They say that Fitz Smythe had a hand in every suicide which has taken place in this city for the last three years, but I can't say that it is so; however there hasn't been a suicide since Fitz Smythe started for Arizona. I know that, on Monday San Francisco was lively. There was a grand procession in honor of St. Patrick's day, which this year fell on Sunday. Of course it rained on the real St. Patrick's day, but on Monday the sun shone brilliantly. The procession consisted of:

Two cornets.
Jackson dragoons, 64 men.
A company in Zouave dress, 70 men.
Brass band, 15 pieces,
Followed by the Irish Battalion under command of Major Wason.
Montgomery Guard, 74 men.
Shields Guard, 64 men.
Wolf Tone Guard, 62 men.
Meagher Guard, 60 men.
California Tigers, 59 men.
Excelsior Guard, 56 men.
McKenzie's Zouaves, 75 men.
Carriage with the Orator of the day, S. B. Axtell and J. J. Hayden, President.
Brass Band of 14 pieces.
Sons of the Emerald Isle, 135 members.
Band of 11 pieces.
Irish American Benevolent Society, 106 members.
Brass Band 15 pieces.
Laborers' Union and Protective Benevolent Society, 166 members.
Hibernian Society, 48 members.
Brass Band, 13 pieces.
Carriage with Fathers Cotter, Prendergast and Byrnes.
Carriage with Fathers Joseph Gallager, Nugent and Bowman.
St. Mary's Temperance, Benevolent, and Literary Society, 137 members.
Kidd's Brass Band, 15 pieces.
McMahon Grenadiers, 60 men, in command of Gen. T. N. Cazneau, guard of honor to the Fenian Brotherhood
Carter's Association, 77 mounted men, and citizens in carriages and mounted.

In the evening there were balls given at Union Hall, Congress Hall and the Academy of Music, the first named being given by the Fenian Brotherhood. The day and the night passed away without any disturbance, the sons of Erin's Isle enjoying themselves thoroughly but sensibly. The youth of this city are at present crazy on the subject of base ball. A new base ball club is formed about every other day. On Monday the Cosmopolitan and Pacific base ball clubs played a match for the champion bat; the Cosmopolitan won, and if they win one more game will gain possession of the bat. The P. M. S. S. Co.'s steamship Colorado arrived yesterday from Hong Kong, having made the trip in thirty days, including two days stoppage at Yokahama, She experienced rough weather. Among her passengers were the Japanese Commissioners to Washington. I give their names;

Onotomogaro, First Commissioner; Matsumoto Yudaya, Second Commissioner; Fukusawa Ukitahi, Secretary; Tsuda Senya, First Interpreter; Sekey Shinpatchi, Second Interpreter; Yinno Shinnojo, Paymaster; Ogasawara Kinzo, Ewatu Haisaku, Naval officers, and native servants.

We do not yet teach Japanese in our public schools, but Roman & Co. have published a very neat little volume of Chinese phrases which enables us to talk to our own laundrymen in their native tongue. This book is deficient in one particular, it does not teach us how to swear in Chinese

The Constitution, which left for Panama on Monday, carried off $877'018,56. $639,288,52 was for New York. New York wants all the gold it can get now. The fatal "crisis year" has come again, 1837, 1847, 1857, each brought a crisis; there is no luck in odd numbers for the Eastern States. 1867 brings another commercial crisis most surely. We in California will sympathize, but we shall not be seriously affected. The trial of the suit brought by Caroline F. Clark against Michael Reese to recover $100,000 damages for breach of promise of marriage was commenced yesterday in the Fifteenth District Court. The court was crowded. Alexander Campbell and John L. Love appeared for the plaintiff and Hall McAllister for the defendant. Mr. McAllister proposed that the trial should be conducted in private, Mr. Campbell said that in consequence of Mr. Reese having aspersed Mrs. Clark's character, she desired that the trial should be public. Mrs. Clark's evidence caused much amusement. Michael Reese is not too noted for his liberality; he knows perfectly well the difference between a "short bit" and a "long bit," and is said to be always well provided with dimes. Mrs. Clark's account of the presents she received from the millionaire is amusing. I give this portion of her evidence:

He made me several presents after our engagement but none before. He presented me with a worsted alpaca dress pattern in March 1864. There were no peculiar circumstances connected with the presentation. He had seen me making one and asked me what the stuff cost; told him 7 bits a yard. The next night he brought me the dress and said he gave a dollar a yard; he also made me a present of a buckle; it was very thin and broke the first time I put it on; he afterward brought me another which he said was made out of a $20 piece; told him I thought it was a small portion of a $20 piece; he gove me the thin buckle to replace one I had lost; I never wore the last one; it was a slide of small value; tried to get it made into a buckle, but could not, as the jeweller said it was "no account;" he also gave me a breastpin, a silk dress pattern, a linen dress pattern, and a photograph album.

I shall probably be able, in my next letter to tell you the result of this great trial. The theatres are doing a good business. Lent is lively this year. At the Metropolitan the receipts average $1,000 a night. Heller is all the rage, and his wonderful mystery of second sight is the most popular theme of conversation. As regards his conjuring tricks, I must say that he makes more of them than any other man could do. The old and well known tricks seem new and original when performed by him; he is a very clever talker, his piano playing is very fine, his fingering brilliant, but he lacks sympathy. TREM.

BRICK POMEROY'S LAST CARD.—We lately heard with some surprise, says the New York *Tribune*, that Gen. Butler had sued for libel the Western miscreant who openly threatened President Lincoln with assassination, and who was a tool of the rebellion throughout—laying his damages at $100,000. We judge it perfectly easy for the worthless fellow to prove, if placed on his defence, that nothing he might say could possibly damage any one to the amount of half a dime, postal, currency. We are glad to learn by the following card, that Gen. Butler has perpetrated no such folly as has been asserted:

To the Editor of the New York Tribune: Sir—May I ask you to stamp a forgery? An announcement is going the rounds of the papers that I have brought a suit against one Pomeroy, of the La Crosse (Wis.) Democrat, for libel. The action, so contrary to my determined silence as to newspaper slanders, needed confirmation, so the Democrat published a letter purporting to be signed by me, offering to withdraw the suit, to which he makes a grandiloquent and abusive reply. Need I say that I have brought no such suit against him or any other slandering scribbler?

The letter is a forgery to bolster a lie.

Yours truly, BENJ. F. BUTLER.

Copy of the Report of the Committee of Awards a the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed, These remedies are made from the purest

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngset babe.

FOR CUTANEOUS DISORDERS

SEMI-WEKELY ENQUIRER.

WEDNESDAY, MARCH 27, 1867.

"THE DEMOCRACY MOVING."—The Copperhead County Central Committee of this county had a meeting on Thursday last, somewhere, we suppose, in the rear of the *Herald* office, and "resolved" to resurrect the great Democratic party, a herculean task for the pigmies who were present, by the by. On assembling they found, as usual, that several of the members had either bolted the organization or bolted the county, and the first work was to supply their places with others who are willing to bear the obloquy of an association with them, which they did in a *very* harmonious manner. They then appointed committees at the different precincts to manage the enrolling business, and authorized one of their number who learned to write during his membership in the old Whig party, to correspond with such of the unterrified as could read his letters, when the report continues, "after the transaction of *some other* business, the committee adjourned." We see that Mr. J. H. Runckle of this place has been placed upon the committee at this place to see that the Democratic members are properly enrolled and brought up, according to law, for voting purposes. We were not aware that Mr. Runckle was mixed with that crowd, if he is it is certainly a late thing, as we know there was some effort made to give his affiliation with the Union party two years ago, some notoriety. However, it is not our place to find fault with him for his backslidings—if he *has* proven unfaithful—but then it is our duty to chronicle the fact so that no one be deceived hereafter. What the managers of the Democracy expect to gain by putting a ticket in the field, other than to keep up a sort of *quasi* organization, we cannot imagine. From the number of names now upon the Great Register it is safely calculated that at least three-fifths are members of the Union party, and it is equally as well known from an examination, that there exists a greater proportion of names affiliated with the Union party, than even three-fifths *to be* registered; then where are they (the Copperheads) to get their support?

AID TO THE SOUTH.—By telegraph and Eastern papers we are being constantly reminded of the pressing wants that stare the people of the South in the face, even unto starvation. No matter what political faith one may be united with, or how wedded to particular policies and measures, when the wail comes up from the land of suffering and distress, we believe our people will forget their enmities and prejudices and rise above the mean and contemptible passions of the narrow-minded and begotted, and respond in a liberal and becoming manner to those who are crying to us for the necessaries of life. We see that there are meetings being held in different parts of our own State, as well as in all the larger cities in the Eastern States to aid the suffering, starving thousands of the Southern States, and as our people have never been backward in responding to the wants of the poor when the subject has been brought before them, we suggest that a meeting of the citizens be held at an early day for the relief of the sufferers at the South.

MYSTERIOUS.—During this week we heard that a human skeleton had been found at or near Ford's Bar, on the North Fork of the American river, and about six miles from this place. It is reported that the Chinese in the neighborhood of the place where the skeleton is, has been aware of its existence for some time past. Those who are aware of all the circumstances seem to be pretty confident that the skeleton alluded to is all that remains of Mrs. Elizabeth Brown, who formerly lived at Green Valley, and after whom Elizabethtown, near Iowa Hill, was named. We give the above as reported to us, surmise and all. We should suppose, however, that it devolved upon some one in an official capacity to inquire into the facts and see that the remains were decently interred. It is a duty that certainly does not promise very great pecuniary reward, yet we suppose that every occupation and position have their bitters as well as sweets, this being one of the former, should be taken gracefully, if possible.

THE AMATEURS repeated the performance of the comedy "Popping the Question," and introduced two new ones on Saturday evening last, much to the amusement and gratification of a large audience who greeted their third entertainment. One of the farces, "Gum Boots," is said to be *the* best yet enacted by this troupe, and we hear the desire very generally expressed that it be repeated, as there were many who were not able to witness the performance last Saturday. The members of the troupe, as usual, acquitted themselves well, and the audience left highly pleased.

BREACH OF PROMISE CASE.—Nearly all the daily papers in San Francisco come to us filled with the testimony given in the suit of Mrs. Clarke vs. Michael Reese for breach of promise to marry in which she lays her wrongs at the sum of $100,000. The case may be interesting to law students as testing how long a man may visit a woman without being compelled to marry her, but we doubt whether the general reader is at all interested in the disgusting details.

THE new road to Little York is progressing finely, three bridges are already completed and the long one at the foot of the Badger claim will be finished in a short time. The contractors have now about thirty hands on the west side of Bear river, where the grade will be much better than on the east side, owing to a better natural route. Should the weather continue favorable the road will be thrown open to the public on the first of May.

MEADOW LAKE.—St. Patrick's day was appropriately observed at this place, says the *Sun*, on the 18th, by the reading of a poem, oration and singing a song, during the day, and winding up with a ball which was very generally attended at night. The Odd Fellows will celebrate the forty-eighth anniversary on the 26th proximo by a ball.

LETTER FROM NEVADA CITY.

[FROM AN OCCASIONAL CORRESPONDENT.]

NEVADA, March 25, 1867.

EDITOR ENQUIRER:—Since of our migration to and residence amongst the pious citizens of Nevada we have been daily importuned to modify our conduct and to become an active co-laborer with our orthodox brethren. Personally we have no objection to a change which, while it would admit us to the "sacrament" and "communion" would place us on intimate association with the exponents of Revelation. Notwithstanding these repeated efforts to reform us we are still, "in our sins," with a most decided tendency to "modify" them in the wrong direction. We make the above personal allusions as a kind of apology for any misstatements which may be found in this letter, and which usually creep into a correspondence not dictated by the genius of inspiration.—Speaking of the orthodox character of our citizens reminds me that there is not a town in the State whose inhabitants are better prepared with the material conveniences necessary to the worship of our Heavenly Father.—Five large, handsome churches—one of them brick—each neatly and tastefully furnished, and all of them occupying prominent locations, afford abundant opportunities for a public display of our reverence.

THE COURT HOUSE.

The court house, with its massive cornice, its fluted columns, its large granite jail and brick jail-walled enclosure in which executions take place, is an object of a great deal of pride to our citizens, who exhibit a realizing sense of architectural completeness in the readiness with which they discuss its perfections with distinguished visitors. This public institution was erected under the careful supervision of an ex-supervisor whose personal interest in all contracts for the supply of material for its construction is supposed to have been the means of selecting nothing but the most durable material.

HOTELS.

The Union hotel, at the foot of Main street is the largest and best arranged frame structures to be found anywhere in the mountains. It is needless to refer to the character of the house as it is well and favorably known to all our citizens, while the traveling public unanimously accord it their merited praise. It is generally known that the proprietors "spare no expense" in supplying their table with the best the market affords, and it is useless to claim that their beds are surpassed. The sum paid by them for newspapers and periodicals is quite an item in their list of expenses. The ENQUIRER is always to be found on their file. [If they don't send us an advertisement after this puff, we'll entertain serious doubts as to their ability to "keep tavern."—ED.]

THE POSTOFFICE.

The postoffice having been removed into the brick building at the corner of Pine and Commercial streets, presents a much finer appearance than the old office, which was neither properly ventillated nor well arranged. It was raised to the rank of a second class office about six months ago, with a salary of $2,600 a year. Over $40,000 in money orders have been issued at this office since the 4th of February, 1867, at which time that system went into operation here. An intimate acquaintance with the workings of the money order system has thoroughly convinced us of its utility. Aside from its being a cheap way of sending small sums of money—fifty dollars being the largest amount—it is absolutely safe, as a party sending money may procure other orders, without additional cost, should the first be lost. The cost of procuring orders is twenty-five cents on all sums over twenty and under fifty dollars, and ten cents on all sums under twenty dollars.

Referring to postal matters reminds us that a petition is now being circulated for the purpose of establishing a daily mail through Red Dog, You Bet and Little York, the *termini* to be Dutch Flat and Nevada. [Send the petition over here; we'll sign it to a man.] These thriving towns, when considered in connection with Hunt's Hill, Quaker Hill and Green Mountain, making up a population of several thousands and embracing a large area of the most valuable mineral lands in the State are sufficient arguments in favor of a daily mail. The petition in question will doubtless be generally signed by the citizens of Red Dog, You Bet and Little York; though the costive liberality which has heretofore characterized the Post-office Department will, in all probability prevent it from granting the prayer of the petition.

BENEFITS OF THE CHINESE.—We give space to the following from an 'outside barbarian.' The communication explains itself. Somebody having probably lost a hundred or two fine chickens, and somebody else quicksilver, money, clothess etc., are down on the Chinese:

MR. EDITOR:—Our Chinese population are probably the most industrious class of persons in the community. And, other things being equal, must be regarded as the primary substratum of the State. They never intermit their labors, night or day, but work on, indefatigably, through all weather and adverse influences. They will work for the white man, or outside barbarians, during the day, and at night will steal his chickens, quicksilver by the tank, or from sluices in a state of amalgum, his fruit, clothes or any thing else of value which has not a gun pointed upon it. Dogs, locks and bolts he views with the most supreme contempt. One of my neighbors, Mr. Julien, only a few nights ago lost twenty-two out of twenty-four chickens which was the last lot unstolen in many miles around, all the rest having been gobbled up by "John" during the last Celestial festival. The care of the good matrons who would like to present their lords with a dish of eggs occasionally, turned to sorrow.

Now, John is teaching us several valuable lessons on industry and the promotion of trade. How we ought to be more vigilant, especially at night, and become better shots; that chickens and eggs are a luxury which outside barbarians do not really need—something only to be desired and indulged in by the sons and daughters of Celestial birth. Then again, John is creating a fine egg trade here for those of other localities, thus benefitting the white population. On the other night John was found packing away a tank of quicksilver which had been carelessly left in a gentleman's house, those who accosted him did so as though he intended to commit a larceny, which John very properly and indignantly disclaimed, telling them at the time "You likee him, you take him; me no want him." This certainly shows that John merely wished to take care of things he found laying around loose. How innocent and candid his assertion when found with the tank: "Me no want him!" And yet, sir, a few suspicious persons actually assert that the man meant to steal. If you could understand their disinterestedness in matters of this kind it would probably enable you to know more about them.

LETTER FROM IOWA HILL.

IOW HILL, March 25th, 1867.

EDITOR ENQUIRER:—Having an hour or so of unoccupied time on my hands and not knowing what better to do with the surplus material, I thought to inflict them upon your kind and generous attention. After this it need hardly be mentioned that I intend to say a few words about the drama as rendered by the Iowa Hill Amateur Dramatists, a dramatic association at this place, on Friday night last. Of the ladies and gentlemen who compose the company, it may be said as exhibiting in their first effort considerable genius for the vocation, and with a little study and practice will rank as "stars" in their profession. The audience in attendance was a brilliant one, numbering probably some two hundred persons. Of course, your correspondent was early in his seat, that he should not lose one item in the performance. I did not expect anything beyond an ordinary send, but for the sake of several suffering individuals, let me here bet a common old fashioned seat the next time. The pieces performed were "the Drunkard" and "the Happy Accident." The protegee, and in fact some of the principle parts of the former were well rendered by Mrs. Little and Miss Mary Sprague. Mr. John Dods acted the "Drunkard" as though he was an old hand in the business—he can't be beat. Mrs. S. N. Calvin as the sprightly "Agnes," and Miss Mary Noyes as little "Julia," acquitted themselves in a creditable manner, and were frequently applauded, while the character of "Cribs," by Mr. Rand. "Ranslaw" by Mr. Davidson, and the accursed "whisky dealer" by Mr. H. Meyers were well cast. Mr. John Lafferty enlivened the tympanum of the public auricle occasionally with his side-splitting song entitled "The German Volunteer," and young Ignacio Brown (a second Barney Williams,) as "Michael O'Grady" kept the audience in a continual delirium of delight. The singing by the company too, was all that could be desired. Without particularizing all that transpired during this certainly chaste and social entertainment, and fearing that I will be occupying too much space in your columns I must state that the efforts of the Amateurs were well received by their visitors, and the affair wound up with a dance, which proved to be one of the merriest of the season; such "struggling, pushing, tearing dresses, making wreaths of love all messes," was indeed astonishing to behold! I, for one, say, let us have many more such pleasant meetings. There is talent and genius enough in our midst, which, if properly cultivated and applied in the right way will tend to shorten the general monotony of the village considerably. It will beautify the countenances of many old disconsolate bachelors, and brighten the eyes of every maiden on this divide.

THE TOWN.

While some discuss the merits and demerits of the stage, others ponder more seriously about the future location of the town, as it is an understood fact that, sooner or later, the business portion will have to be moved. The hydraulic claims on either side are daily approaching nearer to that portion where now the Express building stands, and have already compelled several family dwellings to be removed or remain tenantless. The probability is that the eastern part of the town will be selected by the business men; the proposed new road will likely decide the question.

Yours, IKE.

LIBEL SUIT.—One James Wilkinson, a carpenter in San Francisco has instituted a libel suit against the Alta *California* newspaper and lays his damages at the modest sum of $20,000. This is getting to be entirely too prevalent; every fellow whose name happens to appear in the local column of a newspaper seems to think he has a good cause for damages, defamation of character, loss of caste in the community in which he lives, etc.; when, in nine cases out of ten, if all the truth had been told they would occupy a different position. The reporters for a daily paper cannot sift the reports of incidents which the public expect him to gather, with the deliberation of a legal tribunal. That man's reputation must be a delicate one, indeed, which is blasted beyond reparation by a hastily written paragraph. In in our long experience in the newspaper business we have never known a single instance in which a party complaining of injury that he was not afforded opportunity to vindicate his character and set himself right before the public. If they are not willing to do this, it only proves that they were justly censurable or they are pleased at an opportunity to debase themselves for a pecuniary consideration.

THE weather at the present time is quite variable. We have had a repetition of snow, rain and hail. Won't it ever quit?

SEMI-WEEKLY ENQUIRER.

LETTER FROM COLFAX.

COLFAX, March 26th, 1867.

MR. EDITOR:—The rejoicings and jollifications attending and consequent upon the proper celebration of "St. Patrick's day in the morning" have ceased, the hands on the gravel train have gone to work and apparent "order reigns in Warsaw."

Mining news is stale, and the excitement of the hour has changed and drifted into a different channel. You recollect that I spoke sometime ago of the celebrated charcoal case, that, together with some other equally important matters, set wise men to thinking. I do not know whether it was the fact that the charcoal was made from wood, that the wood grew out of the land, that the land might be the *even* section belonging to the Government or something else connected therewith. At any rate, it was soon ascertained that a great wrong had been perpetrated, and against no less a personage than our respected relative Uncle Sam. Divers and sundry bodies of wood-choppers armed and equipped with saws, axes and other implements of timber warfare, headed by that soulless individual, the C. P. R. R. Company, had invaded its territory, infringed its rights and appropriated large and valuable quantities of flourishing trees to their own use and benefit, all of which was in palpable violation of the law in such cases made and provided, and consequently must be stopped at whatever cost of blood and treasure. Patriots have been found in every age, and the present one has not been wanting in that particular. Three of our citizens have been confined and are now in attendance upon the U. S. Grand Jury, there to tell what they may know in regard to these dreadful depredations. We are all, of course, yet at sea, but satisfied that startling developments will soon be made, and are anxious to get a peep at the inside ring. The effect upon this community is alarming! Panic has ensued.—It threatens the upheaval of business of every description, and the resolving of affairs to their original chaotic state. The wood-chopper's business must not be interfered with; it is too intricately woven in the business fabric of Colfax to be easily eradicated; eager consultations are had by business men, all anxious to be satisfied that the law in regard to "innocent purchasers" applies to them.—The effect upon the wood-choppers has been different, at first they thought of resistance, and favor of an appeal to arms and to trust to a decision from the angry "god of battles." After duly considering, however, the punishment received by our "wayward Brothers," of the South they subsided amazingly, and it is said that two hundred imigrated in one body. Large numbers are making rapid preparations to follow, and it is believed that when the U. S. Marshal comes along to serve his process, he will find the woods in a similar condition to a Mexican hacienda while the "Liberals" are in the neighborhood recruiting—that is, entirely depopulated.

To the correspondent of the Placer *Herald* I have but a few words to say. With regard to the road, nothing! That question has been sufficiently ventilated, and I leave it to the public to say whether I am right in my statements or not. But to the undignified and personal attack upon myself, this much: What I am and what I do, is my business, certainly not his; and however low the link may be in the chain of human society that I am doomed to fill, I cancel it honestly, and fill it to the best of my ability. The attack comes with bad grace from that correspondent as well as the paper for which he so glibly writes, for it is a well known fact that the voting population of their party is composed chiefly of that class to the association of whom he consigns me. If by unforeseen force of circumstances I am doomed to mix with his Railroad bummers, I may truthfully say I have not lost all sense of self-respect for *I am not a Democrat.* OCCASIONAL.

COMMUNICATION BY STEAM WITH CHINA.—The Colorado, which sailed from San Francisco January 1st arrived at Yokohama, Japan, on the 23rd and at Hong Kong on the 30th of January, and back again to her wharf at San Francisco harbor on Thursday last, making the round trip, including all stoppages, in eighty-one days; making the passage out in less time by three or four days than the British overland mail going by the Isthmus of Suez. The usual time occupied from New York is from 56 to 60 days. Though experiencing heavy weather the Colorado made the passage within schedule time, establishing the feasibility of four or five trips during the year. That so rapid and ample communication with Asiatic civilization, with its arts, manufactures and commerce is destined to have a permanent influence for good, or for evil, or for both, on western civilization, no one will for a moment doubt. The influence of Western on Eastern civilization, owing to the superstition, blind religious bigotry and relentless caste, which, as with an iron, immovable wall circumscribes the latter, must for many ages be very limited.

THE QUALIFICATION OF MEMBERS.—Senator Cole of California has introduced a bill to define the qualifications, as regards loyalty, of those who may hereafter have seats in Congress. Its object is simply to exclude rebels—those who have aided treason as well as those who have borne arms against the nation.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects cause by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick, or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphills in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal, emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world; and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his miscry and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
